

Champion-A-Centre

#addingvalue

UpliftED is a Teacher Training Programme which partners into impoverished communities to empower principals, teachers and their preschools. We focus on reaching into communities like Olievenhoutbosch, where many preschools are under-equipped, with poor facilities and teachers who are untrained.

You can uplift one centre, adding value to their program, their staff, and their children, while building hope and honour in their community.

Champion-A-Centre as an individual, group, or company.

The Champion-A-Centre pledge is R2 000 per month, covering the cost of one centre's educational supplies, equipment and training needs for one month.

Tax Receipts/BEE Certificates will be given (gifts qualify for ED points).
